3. Problem areas: Still remain having issues with increasing members. Our planned meetings since the last report was in-person touring various facilities. We had to cancel them due to the COVID-19 pandemic. We decided to have a virtual Chapter meeting this past month and was well received.
4. Success stories: We have conducted a virtual Chapter meeting in May and the attendance sheet was at 22 attendees. This was encouraging as some attendees were new. We will reach out to attendees that are not members. We have also increased our Board members to two (2) additional Directors. What difference a phone call will make and not just emails.

C. Director's Liaison Activities

1. Finance Committee
