

**BOARD REPORT**  
**Northeast Region Board Meeting**  
**Fall 2021**

**DATE:** September 20, 2021  
**TO:** Northeast Region Board of Directors  
**FROM:** Valerie Paquin-Gould, Maine Chapter Representative to the Regional Board

**SUBJECT:** Report for Region Directors - Maine Chapter

**A. Report Summary**

1. Our Fall Monthly programs and High-Performance Building Conference have all been postponed until Spring due to the surge in the COVID Delta Variant
2. We have a successful virtual CDT prep course in progress. This program has a good attendance with 4 new members resulting from the course.
3. We continue to have our board meetings and strategize on how best to safely move forward with our chapter events and improve our membership numbers.

**B. The Report**

1. Summary of activities since last report:

**CDT Prep Course**

Our chapter has been working diligently on our virtual CDT prep course. Our chapter has not offered this program in a long time and we were eager to start it up again to promote the CDT and increase our chapters membership numbers. We have 12 registered attendees for the prep course resulting in 4 new chapter memberships.

**Membership**

Membership has been slowly declining. We have 5 new members that signed up this year for a total of 44 members.

**Charitable Initiatives**

- Our CSI Maine chapter scholarship is awarded each year

**Programs**

- September and October programs have been postponed until spring
- The High-Performance Building Conference is rescheduled to March 10, 2021

**2. Problem areas:**

COVID has been an issue for hosting events. Our chapter is most successful with in person networking events and find that our members and local professionals are burnt out from constant virtual events since the start of COVID.

**Respectfully submitted;**

Valerie Paquin-Gould , Director (ME)
