

JOSEPH LOBDELL AIA, CSI

104 Forest Avenue, West Caldwell, New Jersey 07006 Email: lobdelljpl@gmail.com Cell: 201-286-7550

Senior Associate with an architecture and engineering firm. Managed all phases of work, quality control and financials of new construction and renovations for multi-million-dollar diverse projects in Education, Healthcare, Commercial and Historical fields. Enjoy full breadth of responsibilities from business development/networking, concept design through project closeout. Great sense of humor.

As an avid cyclist, I would rather be cycling around the office handling the everyday challenges of presenting designs of facilities to owners than sitting behind a desk. Over my career I have calmly multi-tasked between managing multiple design projects/teams, budgets, and handling construction management.

My multiple interests include sailing on a warm summer day; and when the weather does not allow me to chase the wind, I enjoy carpentry projects. Not to leave the best for last, but my continued passion for photography began at an early age in my photography dark room with “black & white” film.
