

Northeast Region Construction Specifications Institute BOARD REPORT

DATE: Friday Oct 21st 2022
TO: Northeast Region Board of Directors
FROM: Isaac Sorensen

SUBJECT: Reporting on Metro NYC CSI Chapter

A. Report Summary

1. As a new member of the Northeast Regional Board. I'd like this report to serve as an overview of Metro NYC CSI Chapter and report some of the successes and challenges currently for the chapter as well as the latest officers and committee chairs.

B. The Report

1. Summary of activities since last report:

Since the last report Metro NYC has been actively communicating with its members, has filled roles required by the chapter, and continues to meet regularly for social and educational events monthly. The newest officers and committee chairs are organized and working regularly toward meeting the goals of the organization and have also gained a few new members who are now actively participating on furthering the mission of CSI as an organization by participating and learning from the older members of Metro. There seems to be great enthusiasm for becoming a recognized and awarded chapter and the effort put forth by the newest officers in their new roles and the communication among metro committee chairs and officers is regular and organized. Participation with Metro events seems to be building as we get back to in person meetings and less virtual events.

2. Status of current programs: Summer planning meetings were held; September chapter meeting was an overview of our new website and included socializing and fun and games as a board game evening "game night". October meeting was an AIA course detailed below on WELL.
3. Problem areas: Membership attendance at monthly meeting hovers around 20 when held in person.
4. Success stories: New membership attendance on Oct 19th with 6 new members in attendance for an AIA approved CE course on WELL presented by WELL employee Kate Rube and Sustainability director from Steven Winter Associates Sarah M Nugent. The Program included an in-depth summary of WELL and was informative and interactive Sarah can be reached to schedule this program with your chapter snugent@swinter.com or directly (203) 414-0106. Cell .

Metro NY special committee to come into compliance with the new charter is active and ongoing. Meeting regularly.

5. Liaison Activities: Not known at time of the report.

C. Chapter Leadership Roster

1. Chapter Officers * See Attached Document. (MERTONYCSI)
2. Chapter Committee Chairs * see attached document -(MERTONYCSI)
3. Chapter Nominating Committee Appointee * see attached Document -(MERTONYCSI)

Respectfully submitted;

Isaac Sorensen
NE Regional Director Metro NY Chapter.
