

Northeast Region Construction Specifications Institute BOARD REPORT

DATE: March 20, 2023
TO: Northeast Region Board of Directors
FROM: Kenneth R. Gehringer, AIA, CDT, CCCA, Region Director
SUBJECT: Report of Long Island Chapter

A. Report Summary

1. The Long Island Chapter continues to struggle trying to regain traction and get activities going on a regular basis again.

B. The Report

1. Summary of activities since last report: We have held two virtual Board meetings since the last Region meeting. We held our holiday social in December.
2. Status of current programs: We tentatively have a technical program scheduled for April, which has been postponed twice. We are having trouble finding time to register & advertise the programs. The Chapter is in substantial compliance with the Chapter Affiliation Agreement which was signed earlier in the year.
3. Problem areas: The Long Island Chapter Board is small (only 2-3 dependable regulars at this time), older, and technically challenged. We previously signed up with STAR Chapter to assist with some of our work, but have been unable to get information on Chapter activities out. We need to figure out a way to recruit younger members into the Chapter.
4. Success stories: Not dead yet, hoping to create some this fiscal year.
5. Liaison Activities: I am serving on the Region Agreement Compliance Task Force.
